NEGLECTED

Are Some Opportunities But a Democratic Editor Advised Correctly.

When was there ever a brighter day for the Democracy in the grand old state of West Virginia as at the present? In less than three months, we find ourselves with a goodly majority in both Houses of the Legislature, with two United States senators to be elected, four out of five congressmen elected, with a strong

BAD BREATH

It's Your Duty to Get at the Cause and Remove It. A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, oil the bowels and positively do the work.

Booth's HYOMEL (pronounce it find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them.

Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

They do all that dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive Tablets are a purely vegetable compound mixed with olive oil.

Take one every night for a week and note the effect.

"Every little Olive Tablet has a movement all its own," 10c and 25c per box.

The Olive Tablet Company, Columbus, O.—Advertisement.

possibility of the fifth. The good things are certainly rolling our way. Yes, many golden opportunities are ours. The question is, "How are we going to use them?"

In the legislature with our safe majority, surely we will purge the old state from its rottenness caused by many years of Republican misrule and corruption. Most certainly we will enact the Jim Crow Car Law, and by so doing protect our white women who travel on our railroads.

Will we not seize the great opportunity we have of forever obliterating the ignorant black voter from this state, and by our voice and vote let West Virginia again be known throughout this fair land as a strictly white man's state.

Gentlemen, this is our opportunity. Let's make the most of it. The decent people of this state by their votes in November said: "Enough of corruption; enough of graft; enough of negro domination in politics; give us a clean state. And they have entrusted this great task to the Democratic party of West Virginia. Men, let's do our duty—every man of us.—Williamson Enterprise, January 19, 1911.

COUNTY COURT

Lets Some Bridge and Other Contracts at Its Special Term Here.

Before adjourning the special term of county court Tuesday evening, the court awarded a paving contract in west Shinnston to B. F. Anderson.

The York Bridge Company was awarded a contract to build a bridge across Brushy Fork.

William H. Scott qualified as committee for Charles L. Post.

The International Harvester Company was given a contract for a gas engine and pump at the county infirmary.

PROTECTION

(Continued from page one.)

for the lumber companies. In other words, they, for a pittance, helped cut up those magnificent pines which but a short time previous belonged to them."

Continuing, Mr. Moorehead said that the Indian administration was giving too much attention to educating and allotting the Indians and not enough to protecting them. The speaker went on:

"What shall be done? First, have an inspection service worthy of the name. How could White Earth have reached its amazing condition had inspectors done their duty? Second, there should be prompt legal action in all Indian matters. Three years have passed and the Department of Justice has not ended the White Earth case. The Chippewa naturally concludes that the white rascals at Detroit and Ogema, Minn., are more powerful than the Great Father at Washington, for the simple reason that they obtain the Indian lands in a few months at the most, whereas the Great Father spends three years and has not administered justice."

The speaker also advocated that competent ethnologists should make up a list of the full-blood Indians of the United States, that the commissioner of Indian affairs should make protection the keynote of his administration and the the Board of Indian Commissioners be given broad powers by Congress.

WARRANT

Charging Garland Maryland with Carrying Steel Knives Dismissed.

The warrant sworn out in Justice Jackson V. Carter's court last Friday charging Garland Maryland, colored, with carrying a pair of steel knuckles was dismissed Wednesday afternoon as there was not sufficient evidence to hold him. Maryland was arrested by a member of the local police force last Friday who had the warrant issued.

DR. DILLER SPEAKS.

Dr. Theodore Diller of Pittsburgh, addressed the Clarksburg Academy of Medicine Tuesday night on some points on the diagnosis and treatment of nervous diseases. There was a good attendance. Special lectures will be given from time to time.

PICTURES NOT THERE NOW.

Democratic guardians are determined that former President Theodore Roosevelt's pictures shall not adorn Hack Crummin's hall in front of the court house. The wounded candidate for president probably would be "de-lighted" with their absence from such a place were he to get a look at that architectural eye-sore.

Big G For 30 Years the Standard Remedy for Diseases of Mucous Membranes

Experienced pharmacists will tell you Big G is the accepted standard remedy for diseases of mucous membranes—discharges from the nose, throat and urinary organs. Avoid substitutes. To experiment is dangerous. Big G, used everywhere since 1880, has proved safe and reliable. Non-poisonous, antiseptic and tonic in its properties, containing silver nitrate, zinc sulphate, alcohol, cocaine, or any anesthetic, it may be used full strength without fear. Why not cure yourself? Sold by druggists, or we ship express prepaid, upon receipt of \$1. Full particulars enclosed with each bottle or mailed sealed in plain envelope on request.
